

Great Uncle Mort is Dead

A semi-cooperative game of competitive greed

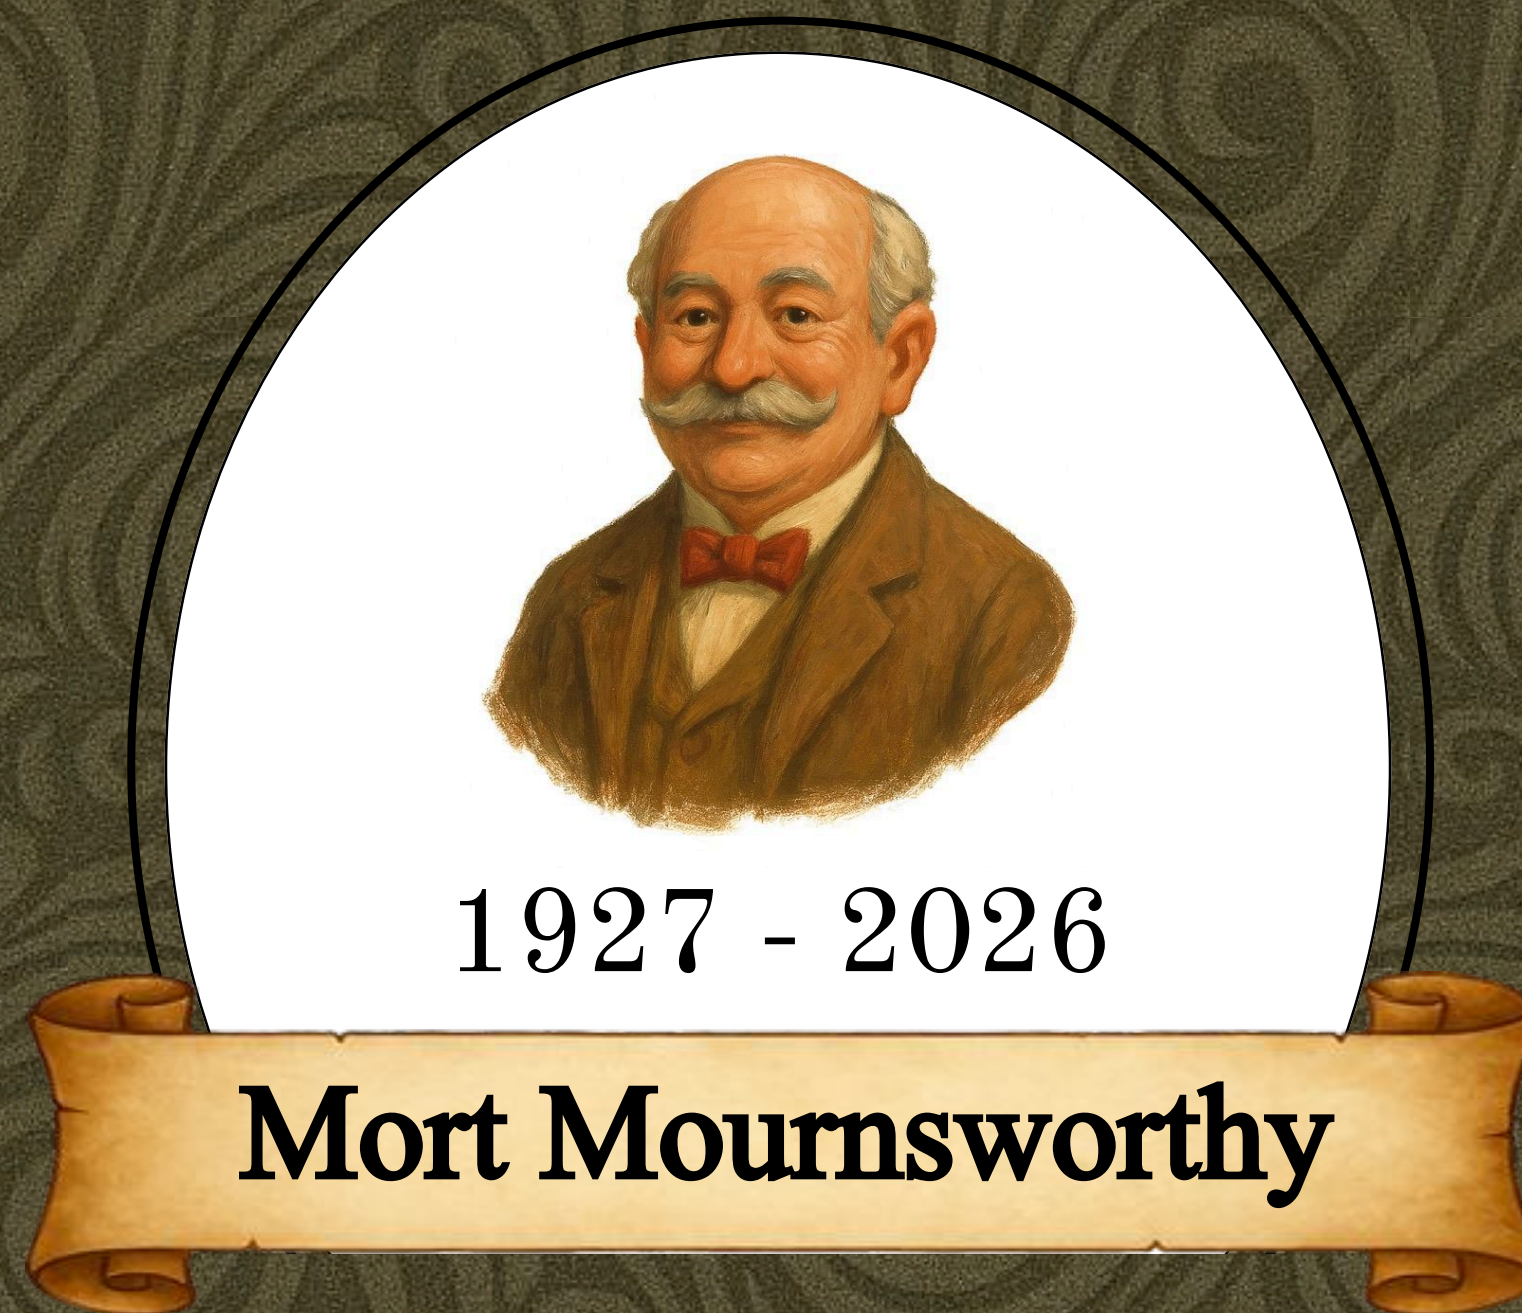

Overview

2 to 6

30 mins

10+

Interaction ●●●●●

Down time ●○○○○

Greed ●●●●○

Mort is dead. His fortune is vast. And you deserve *all of it.*

Greed, bluffing, and betrayal drive every round. Players secretly bid for treasure and sabotage each other's plans before the reveal in real time. There are no turns.

- Simultaneous play
- Hidden bids and take that

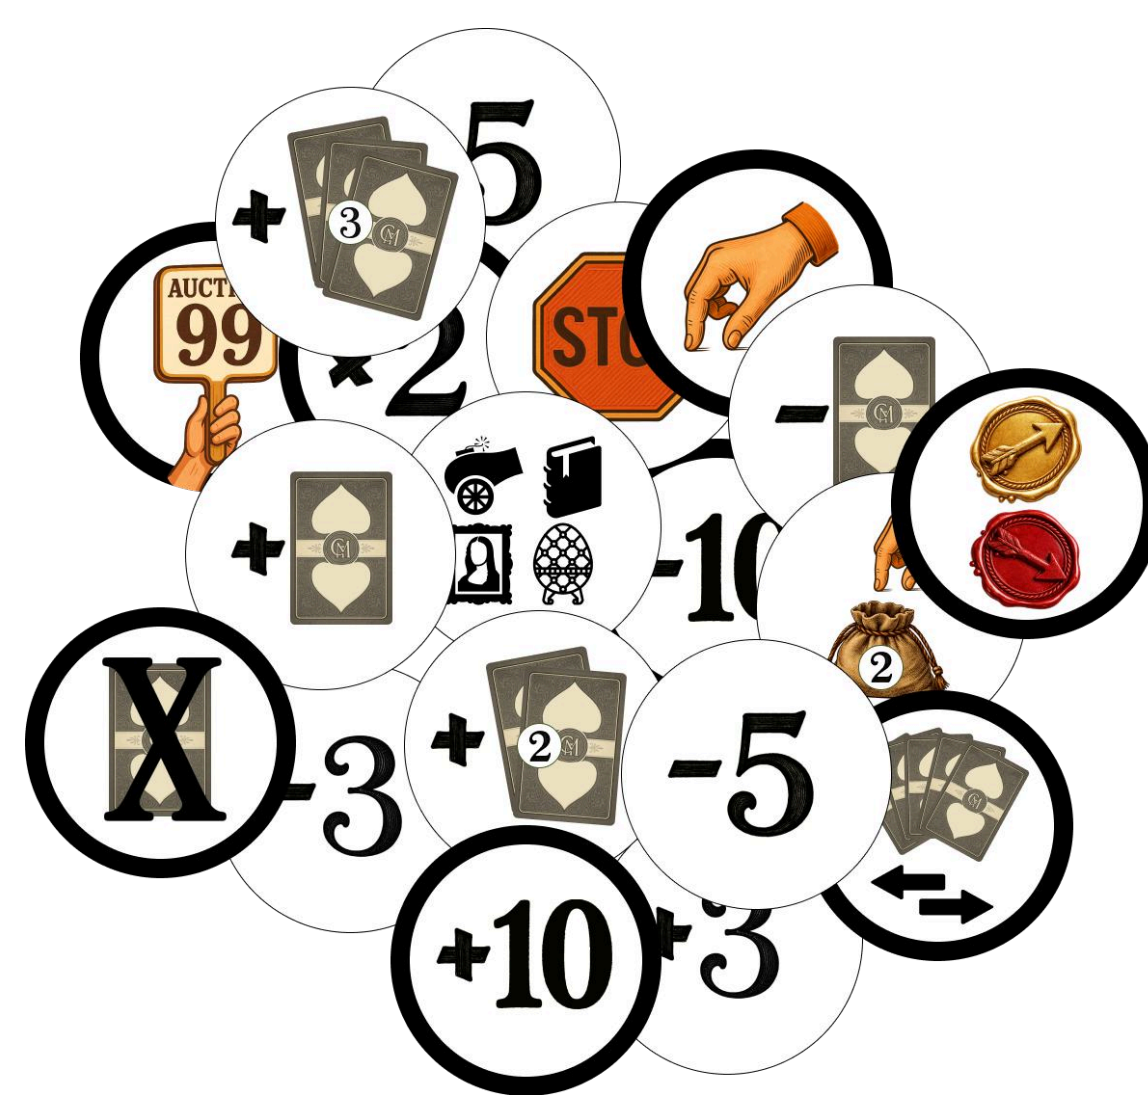

Auction

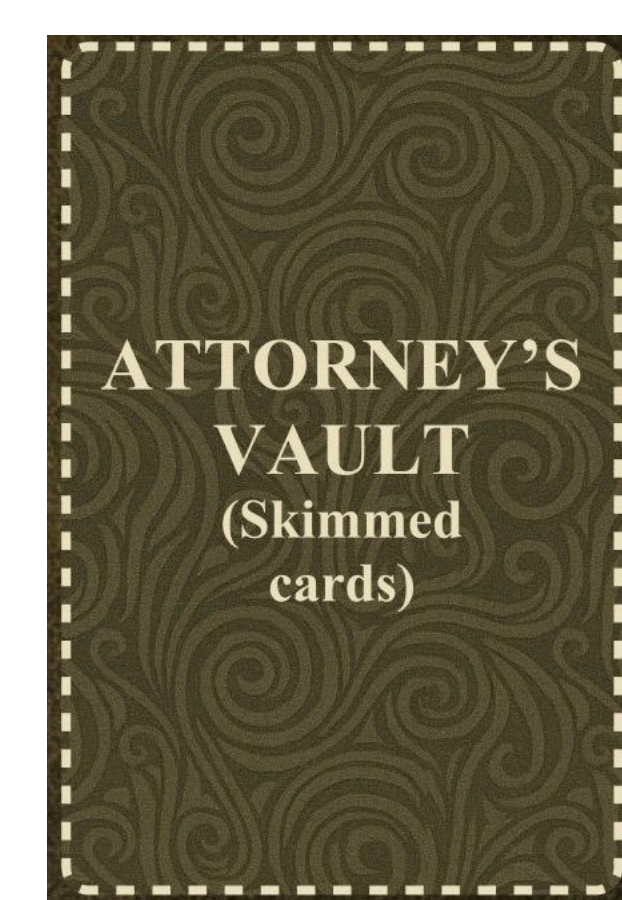

The back of the treasure deck changes how each auction is won.

Sabotage

Play tokens before bids are revealed to swap hands, cancel bids, or force overbids.

Embezzle

After each round, the game's attorneys quietly steal the highest card.

For players who enjoy negotiation and deal-making—
if the attorneys take more than the players, **everybody loses!**

Components

- 1 board
- 72 cards
- 46 tokens + 1 cloth bag
- 1 wood marker + 1 coin
